"Winds of Change – ECLECTIC WALL AND GARDEN ART at Wildflower Village"

Wildflower Village is proud to present the eclectic metal works of Roger Bracco. Both kinetic and wall art will be displayed during the April Penultimate Saturday Show on Saturday April 19th from six to eight pm. Meet Roger and other Wildflower Village Artists, enjoy wine and refreshments.

After thirty years of working with metal in engineering/manufacturing, Roger has realized a life-long dream and is now producing durable and rustic kinetic and wall art.

As in his earlier career in engineering and manufacturing, Roger produces the mechanisms and often the apparatus and tools required to create these works. Roger's success with Kinetic Art resulted in Roger's desire to do indoor art as well. Built to stand up forever the art flows into their environment and make a huge statement.
